Testimonial and recommendation – Internet AdSales

Since October 2004 Internet AdSales has been the Online advertising arm for our Company.

In this time we have found Liesl Germann and her team not only efficient by exercising successful effects but also highly professional. From day one it has been a pleasure dealing with them.

Ongoing advertising campaigns are maintained on our CyberProp.com website and with times also on our 800+ affiliated websites as well as our weekly electronic newsletter.

We have recommended them to other companies in the past and will continue doing this.

Our best wishes to Internet AdSales

Yours truly,

Pat Jewell
Director Operations
